Introduction to Hamilton Aquatics Swimming Academy

The reputation of Hamilton Aquatics at a performance swimming level, has grown not only locally but world-wide, as the most successful swimming academy in the Middle East.

Chris Tidey first set up GEMS Swimming Academy in 2005 which formed the nucleus of Hamilton Aquatics, founded two years later in October 2007.

Hamilton Aquatics has grown to be the largest swimming academy in the Middle East, providing weekly swimming to over 6000 swimmers. These swimmers are either learning to swim, developing their swimming skills or training to take part in both local and international competitions. The purpose of the programme is to ensure there is a distinct and easy to follow pathway for participants to be able to achieve their goals in swimming.

The Academy is divided into four main divisions:

- Learn to Swim Programme
- Squad Programme
- Swim Meet Management
- Education & Teacher/Coach Development

Our aim is to provide world-class teaching and coaching that maximises the potential of every individual through providing high quality swimming training services regardless of their culture or ability.

As the reputation of Hamilton Aquatics grows, many schools within the UAE want to form a partnership with us. We currently partner with seven individual educational institutions utilising over 30 different swimming pools across the UAE, ranging from teaching pools to Olympic size pools. Hamilton Aquatics ensures that all swimming pools are maintained to the highest standard ensuring maximum quality, safety and professionalism.

Happy swimmers of the LTS Programme

As Hamilton Aquatics goes from strength to strength, we hope to encourage many more swimmers and their families to join the academy.

We plan to build on our success and continue to educate and encourage people to undertake a safer and healthier lifestyle whilst offering competitive opportunities at every stage.

Core Values

At Hamilton Aquatics it is important to us that all staff, swimmers and parents hold ourselves to certain values. As well as a lot of other great things we should be proud of doing on a daily basis, we have chosen the following four core values to be at the heart of Hamilton Aquatics - PREP

Pride

Respect

Excellence

Positivity

Every day at the pool and away from the pool all staff, swimmers and parents should be accountable to holding ourselves to these values for us to continue to be a great swimming academy. This can only be achieved by our underpinning value:

Philosophy

At Hamilton Aquatics, we stand guided by our core values - Pride, Respect, Excellence, Positivity, and Unity. These values shape our unique philosophy and the way we approach our mission: to nurture not just exceptional athletes, but well-rounded individuals who carry their lessons from the pool into all areas of life. Our mantra 'Believe-Sacrifice-Achieve' isn't just a slogan; it's the heart of our philosophy and an enduring commitment to every athlete we guide.

Belief is the foundation of everything we do. We foster an environment where our athletes learn to believe in their potential, their ability to overcome challenges, and the power of their dreams. We believe that nurturing this self-belief is crucial in shaping not only successful athletes but also resilient individuals.

Sacrifice, for us, signifies the essence of discipline, dedication, and commitment. We impress upon our athletes that the path to greatness is seldom easy. It requires sacrifice – time, effort, and the will to push beyond one's comfort zone. Through our training, we aim to instil this understanding, thus preparing them to navigate both the competitive world of sports and their future endeavours.

Achievement at Hamilton Aquatics extends beyond winning races or earning medals. While we do consistently aim for and reach these objectives, we believe the true measure of achievement lies in

personal growth. Whether it's surpassing a personal best, mastering a challenging technique, or demonstrating exceptional teamwork, we celebrate these triumphs. We are committed to fostering an environment where every small victory is valued and contributes to the larger narrative of success.

Unity binds us together. We're not just a team; we're a community. Each swimmer, coach, and parent is a vital part of our fabric. Together, we strive, we triumph, and sometimes, we falter - but we always learn and grow.

| Squads Programme Overview

The Hamilton Aquatics Squad Programme has grown from 16 in its first week to over 1100 swimmers in just 12 years. The squad structure is designed to be progressive allowing swimmers to develop through various different pathways in line with the Long Term Athlete Development Plan.

Throughout the squad programme we offer various levels depending on age and ability. Squad criteria is in place to ensure that selections are not only fair on other swimmers but correspond to each individual swimmer's physiological development, with LTAD in mind.

We promote great team spirit and create a fun, hardworking atmosphere within the team on poolside and through other sources such as the website, Facebook, Instagram and Twitter. This enables the children, as well as their families, to reflect positively on a sport they have chosen to commit a large portion of their lives to.

We're only as good as our Swimmers

Our higher squads currently have swimmers representing over 30 different nationalities, which shows the squad's great versatility in developing young athletes of any nationality and culture. Previously we have used British Swimming as our bench mark to compare and in 2014 we had 32 qualifiers for British Nationals and we finished top of the medal table at the 2014 British Age Nationals in Sheffield, becoming the first overseas team to do so.

The aim of Hamilton Aquatics squads programme is to produce international level athletes who are

able to compete on the world stage at both junior and senior level, whilst being able to retain the sportsmanship skills required to be an athlete and role model.

Our structure provides a Performance Pathway for young aspiring swimmers through a well- developed and meticulously planned training environment with professional coaches.

Part of this programme includes our Club Pathway with lower levels of expectations for those swimmers who still have aims and goals that aren't swimming on an international stage. These swimmers still form part of our ethos of developing the life skills that sport enables us to teach and are just as much part of the programme as the "elite swimmers".

Our Learn to Swim teachers work closely with the development coaches to ensure a smooth transition from a teaching environment to our Development Pathway. Each development squad is led by a full time coach who is responsible for developing the swimmers technique, skills and aerobic base. Various locations are available for convenience across the younger squads.

Every year Hamilton Aquatics attend competitions in Oman, UK and various European countries. Our team regularly travel around the world and Hamilton Aquatics now has a respected reputation in the international swimming community.

Velimir Stjepanovic

In 2012, Velimir Stjepanovic became the first swimmer from Hamilton Aquatics to compete at the Olympic Games. Velimir placed 6th behind Chad Le Clos and Michael Phelps. Velimir had swum with Hamilton Aquatics since the age of 12 and has inspired many young swimmers. Velimir has also won medals at European Youth Olympics, European Juniors, Youth Olympics, European Short Course, World Short Course and was double gold medalist in the 200m/400m Freestyle at the 2014 European Long Course Championships in Berlin. Velimir also competed at the recent 2016 Olympic Games in Rio, resulting in a Semi-Final placing.

Pathways

The Hamilton Aquatics squad structure is developed in line with our Long Term Athlete Development Plan and forms four pathways to allow an opportunity for each swimmer to develop and swim in line with their correct age, ability, commitment, goals and potential.

Performance Pathway

Responsible:

- Director Of Swimming Stuart Sant
- Head Performance Age Group Coach Jack Hepburn

Squads: Elite Squad, Youth 1, Youth 2, Performance Transition, Performance Age, Performance Junior & Potential Select.

Goal: To offer an opportunity to every swimmer who aims to achieve at a national or international level by providing them with the correct training environment, world class coaching services, fantastic facilities and diligent training plans aimed at individual goals. All of this will be delivered in line with our LTAD plan, aiming to get swimmers on national and international podiums.

Competition Pathway

Responsible: Age Group Coach – Robert Stones.

Squads: Competition Transition, Competition Age & Competition Junior Squad.

Goal: To give competitive opportunities to swimmers who may be late developers in swimming, but still have good long term potential and also to swimmers who are already performing competitively but may not wish to make the full commitment of a performance level swimmer. The environment will be created to enable all swimmers to improve and also be individual goal focused.

Development Pathway

Responsible: Head of Development – Tristan Gatcum

Squads: Potential Squads, Development Squads and Foundation Squads.

Goal: To develop the necessary skills, in and out of the pool to enable swimmers of all ages and abilities to fulfil their long term potential. The training plans and daily focus will be delivered with LTAD as the vision to allow swimmers to develop in a fun, safe, team orientated, learning environment. Coaches will be meticulous in their approach, offering constant technical feedback and motivation to the swimmers, to help them achieve their long term goals.

Club Pathway

Responsible: Club Squads Manager – Davor Zigic and Alex Gray.

Squads: Club Orange Squads, Club Black Squads.

Goal: To allow for both late swimming developers and swimmers of less swimming commitment to train as part of a fun and progressive environment. Training will be delivered with individual goals in mind, ensuring that each swimmer gets to improve and enjoy their swimming. Coaches will be passionate and motivated to work with swimmers who wish to take their swimming further and want to compete or progress into higher squads in the future.

Squad Structure

Below is the squad structure for the 2023/2024 season. The squad structure clearly shows each pathway, squad and progression for swimmers and parents to understand.

Squad Invitations:

Swimmers will be invited into Elite Squad in line with training cycles and individual needs. If a swimmer achieves the criteria, places will be reviewed and communicated accordingly at the right time. Existing members of the Elite Squad must maintain the criteria set out to retain their place in the squad.

All squad placements will be discussed by the Performance coaching team, with the final decision being made by the Director Of Swimming / Lead Coach of the Elite Squad.

By accepting your place within the Elite Squad, you are making a full commitment to the below bullet points.

If you cannot commit to the below standards, then you should look to make alternative arrangements. A failure to meet the below requirements may result in a swimmer being removed from the squad.

A place within Elite Squad is a privilege, not a right. Swimmers who do not uphold the standards of Elite Squad will be offered a place in a separate squad.

Minimum Commitment:

- Elite Squad is for swimmers with no other commitments or distractions other than school.
- Proven training attendance in previous or current squad/club of a minimum of 7 sessions per week.
- Commitment to a minimum of 8 sessions per week in Elite Squad.
- Attend any competition stipulated by the coach unless there
 is a National or International competition on the same dates.
- During final exams, swimmers will still be expected to do at least 50% of their normal training week.
- Swimmers are expected to balance a full training commitment when there are school 'tests' or 'mocks' unless these are for final academic grades.

Athlete Behaviours:

- Swimmers must demonstrate Hamiltonian values of Pride, Respect, Excellence, Positivity and Unity on a daily basis.
- Swimmers must take responsibility for their performance lifestyle. Those who continually make choices contrary to this, will be asked to leave the squad.
- Swimmers must demonstrate 'Gold Medal Standards' on a daily basis. Please see the attached document.
- Swimmers must show a good attitude and willingness to learn.
- Swimmers must develop clear and effective communication with the coaches.
- Swimmers must be fully accountable for their swimming.
- Swimmers must be fully accountable and proactive with their injury prevention exercises.
- Each swimmer must develop leadership skills, act as a good role model and always be a team player.
- Each swimmer is expected to address problems in a proactive manner with the necessary people. A culture of complaining without addressing issues will not be tolerated within Elite Squad.

Minimum Training Standards:

- Males: 4:20 for 400m Freestyle & 2:20 for 200m IM SC
- Females: 4:40 for 400m Freestyle & 2:27 for 200m IM SC

- Ability and willingness to swim all strokes and distances in training
- Proven to be safe and with the correct technique in land training and in the gym environment

Minimum Training Standards:

- Coaches discretion based on talent identification and long term potential.
- Coaches discretion based on National Team selection and international opportunities.
- Coaches discretion based on current or previous injury history.

Youth One

Aim:

To create a performance training environment where swimmers are coached to be accountable, resilient and robust.

Swimmers in this squad will be aiming to achieve podium performance at home National Championships, supported with individually tailored plans including strength and conditioning sessions, gym, nutritional advice and sports science. This squad is for swimmers with no other commitments or distractions other than school.

Squad Commitment Criteria:

- To be considered for this squad swimmers must be attending a minimum of 7 sessions per week in their current squad.
- Swimmers will be expected to maintain a minimum attendance of 7 sessions per week throughout the season (48 weeks), however swimmers are advised to train as much as they can to help achieve their goals.

- Swimmers must wear current and up to date team kit when attending competitions.
- Swimmers must demonstrate Hamilton Aquatics core values and performance behaviours on a daily basis.
- · Selection will be at the discretion of the squad coach.

Training Criteria:

Swimmers are selected on ability. Age is a guideline only, but it is important that swimmers are at the correct level. This will be at the coaches discretion:

- Legal and effective underwater skills such as streamlining and underwater fly kicks or breaststroke breakouts.
- Able to perform 100m of Front crawl, Backstroke, breaststroke and 50m of butterfly with good technique.
- Basic lane discipline, e.g. using pace clock, streamlining, following instructions, leaving five second gaps in between each swimmer, attitude, application and execution.
- Completion of the Hamilton Aquatics Learn To Swim Programme (Platinum Level

Equipment:

Swimmers are required to have all the items listed and should bring them to every session: Kickboard, Pullbouy, Fins, Snorkel, Finger Paddles.

Desired additional equipment as follows: Hand paddles (see coach), exercise mat.

Competitions:

There is no competition requirement for this squad however swimmers will be encouraged to enter competitions throughout the season which matches their individual goals. Access to competitions will be available to those who meet the qualification standards.

Strength & Conditioning (S&C)

Strength and Conditioning (S&C), is offered within our squads pathway as an addition to swimming training. S&C helps with an athlete's long-term development by providing body awareness, core strength and an introduction to basic exercises and fundamental movement patterns on land. Within land training is an opportunity to help address any individual weaknesses in posture and movements which could negatively impact the swimming stroke.

Our S&C coach Kathy Johnstone works within the performance pathway delivering sessions to Performance Age and above. Kathy also works closely with coaches across all pathways helping to guide and educate land training practices ensuring all athletes have the tools they need to progress in swimming.

ELITE Required to be competent in all of the below skill aquisitions, body awareness & individual mobility knowledge PERFORMANCE YOUTH BB resisted exercises PERFORMANCE TRANSITION DB/KB resisted exercises PERFORMANCE AGE Body awareness, basic movement competency under fatigue PERFORMANCE JUNIOR

Our youngest swimmers will be introduced to land training through 'pre-pool' routines which help lay the foundations for body awareness and connection in short 15-30min sessions. From here, land-training is slowly progressed throughout the squads challenging both the execution of movement patterns such as squats, lunges, press ups and trunk strength under reps (fatigue) and in Performance Transition and above, under load (weight).

From a young age, land training is centered heavily around injury prevention (prehab) and building robust athletes who will be able to handle the increasing workload of progressing in the sport of swimming. Once an athlete has built strong foundations, elements of strength, power and extra cardio conditioning will be progressed into land training and gym sessions in order to help transfer these fundamental elements into the swimming strokes and events.

Squad Handbook: 2024-25

Competitions

Competition Standard

All our competitions work in a tiered system, designed to maximise the potential of the swimmers. Below is an outline of the different levels of competition.

International (A) Standard

- This level represents the highest level of competitions in terms of qualifying times for participation and specific age groups in line with the international standards.
- To compete at this level, swimmers must be accustomed to competing in level B standard.
- The goal of this level is to prepare swimmers to participate in international competitions, represent their country's national teams, by develop their technical, physical and psychological skills.
- To participate in this level, swimmers must achieve a specific qualification times.

Performance (B) Standard

- This level of competitions is to support the development and progression of high-level swimmers.
- To compete at this level, swimmers must have extensive competitive experience.
- The aim of this level is to help the swimmer qualify to join the national teams and increase their skills to participate in a variety of races.
- To be able to enter this level of competition, swimmers must achieve the specific qualification times.

Competitive (C) Standard

- This level is designed for swimmers who compete regularly and need to gain more competition experience by exposing them to multiple races in order to effectively advance to the next level.
- Additionally, this standard will provide the swimmers with a great opportunity to compete effectively at their level.
- If the swimmer is too fast or will not benefit from the competitive atmosphere at this level of competition, please do not register them and qualify them to participate in the level (B) competitions.

Development (D) Standard

- This level of competitions aims to support swimmers with limited experience in competition as they develop their skills across multiple races and distances.
- This level is designed to offer swimmers who have slower times compared to the level (C) competitive environment in order to motivate them, but still offer similar technical levels.
- Swimmer must have qualifying times that they
 have acquired from level (E), meaning that the
 swimmer must have passed level (E) and possess
 some times, but should not exceed the specific
 qualification times.

Fundamentals (E) Standard

- This level is designed for young swimmers new to competition experience.
- The goal of this level is to qualify and develop swimmers and prepare them to start the journey of progress to reach the full potential and consider swimming as a main sport.
- To participate in this level the swimmer must be slower than specific times or not have any qualifying times, but the swimmer must be able to complete the 50m strokes technically correct.
- If the swimmer is too fast or will not benefit from this competitive atmosphere, please do not enter them at this level as this level has been established to motivate swimmer, by creating an equal competitive environment for those with similar technical levels

How to enter competitions using Hamilton Bay:

- Please always read all the information in the entry pack carefully. Consult with your squad coach/ teacher on your event selections *BEFORE* you enter on Hamilton Bay. Do not submit entries without approval from your coach first.
- 2. Login into your Hamilton Bay account and select the "Competition Registrations" tab, then the Entries page. From here, you will see your swimmer/s name and all relevant competitions that are open.
- 3. Please select the blue "entries open" button. You will know be able to select events you are eligible for in each session.
- 4. Once you have checked all the events have been selected, please confirm the booking clicking "Submit Entries". Please note, this will need to be done individually per swimmer.
- 5. The main entries page will now show you that the amount due. Double check that the correct due amount is showing (AED ??/event). From there select "Make Payment". You will then be taken to a separate payment page. Please note, no entries will be submitted without payment.
- 6. If you due amount is showing incorrect, you have race vouchers, or credit to use please email **entries@hamiltonaquatics.ae** AFTER you have submitted your entries, but BEFORE proceeding with payment. We will amend the amount due and inform you when it is done.

Contacting the entries team:

The entries team deal with a high volume of emails. We would appreciate if you can allow 24 hours – 36hours for us to check into your query and get back to you with the solution. Please do not send multiple emails within this time frame as it clogs up our inbox and slows down our productivity. Additionally, the Entries Team are also all Coaches and thus on poolside during normal coaching hours in the evenings and not at our computers to respond. Please take this into consideration when emailing in the afternoons/evenings.

While you wait for our reply, kindly read through the following points to make sure we can help you in a quick and swift manor in the future:

- 1. When emailing Entries please include the following information:
- Name(s) of your swimmer(s)
- Their squad level.
- The competition you are trying to enter.
- The issue you need assistance with

Please make sure to also copy your squad coach into the email so they are aware as well. There are over 500 swimmers in the squad programme so there are a lot of swimmers to keep track of!

- 2. If you are waiting on a payment issue to be resolved: As long as the entries have been submitted on time and the issue has been emailed to us prior to the deadline, there will be no penalty to your emails if we don't get to it before the deadline.
- **3.** Race Vouchers: Can only be used for Hamilton Aquatics Run events. Any competitions run by outside providers are not eligible for Race Voucher use.
- 4. External Competitions PB Update Form:

Please fill out the form located on the competition's registration page on HB. This form should be used for updating times for competitions that happen outside of the UAE, or school competitions such as DASSA. Please do not send us screen shots of meet mobile as we need all the logistical information of the competition.

Overseas Trips

Each season Hamilton Aquatics run a number of overseas trips specifically tailored to the swimmers they are aimed at.

From offering an introduction to attending a "team trip", to our annul team trip to the UK to attending targeted Championship meets where the focus is on swimmer performance, the trips offered provide valuable experiences for the swimmers involved.

Local Team Trip (Oman or Qatar):

These team trips are aimed at giving our younger swimmers their first experience of travelling with a team. By minimizing the travel time and attending a competition in the region, it is easier for parents to travel to watch and support swimmers. Please make sure to also copy your squad coach into the email so they are aware as well. There are over 500 swimmers in the squad programme so there are a lot of swimmers to keep track of!

UK Trip:

The aim if this trip is to provide swimmers with the experience of competing outside the local region, the demands of travelling further and being away for a longer time. On this trip we also include clinics and talks from experts on subjects such as nutrition, mental skills and the experiences of international athletes and their journeys. On this trip swimmers travel and stay with the team for the duration of the trip.

Scottish National Age Groups (SNAGS):

This competition is attended by our Scottish swimmers as well as some of our Performance Swimmers as a high level target competition. Scottish National Age Groups is a championship meet where swimmers experience racing over 5 days with heats and finals every day. Swimmers attending this competition will travel and stay with their parents and be supported by the coaching team throughout the competition.

Irish Summer Nationals (ISN):

The Irish Summer Nationals is a championship style competition that provides an end of season target meet for our older swimmers (15/over). As with SNAGS, swimmers attending this competition will travel and stay with their parents and be supported by the coaching team throughout the competition.

Specific Championship Competitions:

These trips are organised depending on the needs of the swimmers in our Performance Squads.

Whether it is to attend a Short Course competition in December or to attend National Trials in April, these trips are tailored to the needs of the swimmers.

Team Kit

Hamilton Aquatics aims to achieve at all levels, meaning that it is imperative that our appearance at training and competitions is as at the highest standards and as professional as possible. We encourage as many swimmers to wear team kit to and from training sessions, however it is compulsory to do so at all competitions when entered under Hamilton Aquatics.

We are happy to announce Swimzi as our supplier for the Hamilton Aquatics official team kit. Swimzi have been chosen as they offer a high-quality product that can hang dry making parents life easier, and be regularly washed and worn without compromising the quality or affecting the shape. Swimzi also offer personalisation on all items. Team kit will be ordered online through the Swimzi website. There will be four order windows per year and as soon as one order window closes, the next one will open. Each order window will give an indication of the expected delivery date.

Learn how to order on the next page.

ORDER TODAY!

Step 1:

Log on to your Hamilton Bay account and select the Swimzi tile, this will redirect you to the online Swimzi shop or follow the link:

https://teamwear.swimzi.com/brand/hamilton-aquatics/

Step 2:

Select the items that you wish to buy with the sizes and add items to your cart. Once you have selected all your items then proceed to checkout for payment. If you are personalising items, please only use first name or surname.

Step 3:

The delivery date will be indicated when checking out, however this is not a guaranteed delivery date due to the manufacturing and shipping processes of which we do not have control over.

Behaviour

When a swimmer(s) are at a session and are misbehaving / not following Coaches directions / disrupting the session / using foul language / acting in a way that could cause an incident.

Step 1:

Coach issues clear verbal warning to swimmer to stop, and follow instructions. If issues persist during the session then the swimmer can be asked to leave the pool and sit poolside until the session ends.

Step 2:

If bad behaviour continues into next session or escalates then the Coach should communicate verbally to the swimmers parent following the session, and express clearly the type of behaviour and that it is unacceptable.

Step 3:

If bad behaviour continues into next session or escalates then the Coach should issue a formal written warning to the swimmers parent (including in CC their line manager) to express clearly the type of behaviour and that it is unacceptable and that this is a final warning. Should the behaviour continue the swimmer will be suspended from training for a minimum of 3-weeks.

Step 4:

If bad behaviour continues into next session or escalates then Coach issues written and verbal communication of suspension, duration agreed by Coach and line Manager (minimum 3-weeks).

Step 5:

If bad behaviour continues into next session or escalates then swimmer communication to parent that swimmer has been terminated from the programme due to bad behaviour and is no longer welcome with our club.
